Gunda Gruber. *fast forward rewind*

Exhibition runs: October 5 – November 25, 2018

Salzburg-based artist Gunda Gruber works between drawing, painting, sculpture, video and installation. Her current work plays with fields of space and shadowy figures and forms within fluctuating spatial and time-based zones, altogether between these different media as an overall installation. Flitting between notions of interior and exterior, real and imaginary, and architectural and model, this installation in the Kabinett offers the exhibited space as a moody and transient “creature” to be encountered by the visitor and to ultimately immerse within.

Gunda Gruber, born 1971 in Salzburg, lives and works in Salzburg.
